## SUGGESTIONS TO THE PUBLIC.

1. Address mail matter legibly and fully. Give name of Postoffice and State in full, street and house number, or box number. If the office be a small one add name of the county.

2. Put your name and address upon upper left hand corner of all matter mailed by you.

3. On foreign letters always place the name of the country in full.

4. Do not use thin envelopes. Stamped envelopes are the best.

5. Register all valuable letters.

6. Send money by Money Order.

7. If your mail is delivered by carrier provide a letter box at your residence or place of business.

8. Affix stamps securely and on upper right-hand corner.

9. Do not tender for postage stamps money so mutilated as to be uncurrent, or more than twenty-five in copper or nickel coins.

10. Do not ask the postmaster or clerks to affix stamps for you.

11. Do not ask credit for Postage Stamps.

12. Do not ask credit for Money Orders.

13. Do not tender checks or drafts in payment of Money Orders, or any money except that which is legal tender and National bank note.

14. Upon the corner of envelopes supplied by hotels, direct what disposal shall be made of letters undelivered.

## PREFACE.

---

In presenting to the citizens of Warsaw our first volume of the "Warsaw City Directory" we take great pleasure in congratulating them on the apparent prosperity of the beautiful city of churches and lakes.

It will be found, from observation, that this volume contains 1782 names, which multiplied by three, which is a very small ratio, gives your city a population of 5346.

We have used great care and diligence in procuring our information, and we think the public will find this, our first volume, as correct and reliable as it is possible to get up a work of this kind.

We tender our thanks to the business and professional men of the city for their liberal patronage and we will make it our endeavor in two years and a half to publish our second edition, also, we most heartily appreciate the courtesy and support that has been shown the publishers of this volume by the "*Daily Times*" and "*Weekly Union*" which have been of great assistance to us.

In closing this brief introduction of our first issue, we warn you to BEWARE of directory borrowers and thieves.

Very respectfully,

H. G. ZIMMERMAN & CO.
